Attorney's Docket Number: TSM03-0454

Filing Date: 4/13/2004

Claimed Foreign Priority Date: none

Applicant(s): Liu et al.

Examiner: Marcos D. Pizarro-Crespo

DETAILED ACTION

This Office action replies to the response filed on 8/3/2006 and to the declaration under 37 CFR § 1.132 filed on 10/4/2006.

Acknowledgment

1. The response filed on 8/3/2006 and the declaration filed on 10/4/2006, responding to the Office action mailed on 6/26/2006, have been entered. The present Office action is made with all the presented arguments and declaration being fully considered. Accordingly, pending in this Office action are claims 1-35.

Election/Restrictions

2. Claims 1-27 are allowable. The restriction requirement between species 1 and species 3, as set forth in the Office action mailed on 8/9/2008, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 19, directed to species 3, reading on figure 6, no longer withdrawn from consideration because the claim requires all the limitations of allowable claim 1, which is generic to species 1 and 3.

3. In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

4. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Response to Declaration under 37 CFR 1.132

5. The declaration under 37 CFR 1.132 filed 10/4/2006 is sufficient to overcome the previous rejection of claims 1-18 and 20-27 as set forth on the Office action mailed on 6/26/2006.

Allowable Subject Matter

6. Claims 1-27 are allowed.

7. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claim is the inclusion of the via recess depth between about 100 angstroms and about 600 angstroms. Applicant's affidavit filed on 10/4/2006 shows unexpected results from this restricted range.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

9. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

10. This application is in condition for allowance except for the presence of claims 28-35 directed to an invention non-elected without traverse. Accordingly, the application has been amended as follows:

In the claims:

Cancel claims 28-35.
